

## **Dental Assistant**

Our Dental office is seeking an individual to join our dynamic team for a multi-faceted position.

Necessary skills to include:

- past dental assistant experience, State of
- New Hampshire x-ray certification and comfort with computers in a contemporary office.

This position is for someone who enjoys helping people to improve their lives and health. A key function of this position is assisting chairside as well as helping in all office actions, from sterilization and lab work to patient treatment coordination, posting treatment, and payment for services. Necessary attributes are confidence, attention to detail, ability to multi-task, self-starter, willingness to learn, and above average people and communications skills. A health-centered lifestyle is required. Salary, benefits and retirement commensurate with experience. All inquiries are confidential.

If this sounds appealing, please send resume to:
